SEDALIA, MISSOURI, FRIDAY EVENING, JULY 5, 1895.

PRICE, FIVE CENTS

MEET IN SEDALIA.

Democratic Editors of Missouri to Hold a Conference.

WILL MEET AND ORGANIZE

The Advocates of Free Silver Coinage Will Get Ready for the Campaign of 1896.

Sedalia is to have the honor of entertaining another convention in the near future, the plans for which were perfected at a conference of democratic newspaper men today. It is proposed to effect an organization of the democratic editors who have been advocating the free coinage of gold and silver for so many years and to get ready for the campaign of 1896.

Letters were received from a number of well known newspaper men who could not be present at the conference, and the following address was prepared and sent to the press of the state:

Conference Called.

To the democratic newspaper men of Missouri who endorse and advocate the free and unlimited coinage of both gold and silver.

At a conference of democratic editors held in Sedalia on Friday, June 5th, which was organized by the election of W. F. Switzer, of the Booneville Democrat, as chairman, and H. J. Groves, of the Lexington Intelligencer, as secretary, it was decided to request all the democratic newspaper men of Missouri who endorse and advocate the free and unlimited coinage of both gold and silver to meet in the City of Sedalia on Tuesday, July 23, 1895, at 10 o'clock a. m., for the purpose of consultation and organization, with the view of subserving the best interests of the democratic party in the campaign of 1896. It is earnestly requested that all who are in harmony with the object of the conference will attend.

All those who expect to attend will please notify W. N. Graham, manager of the DEMOCRAT, Sedalia, Mo. W. F. SWITZER, Chairman. H. J. GROVES, Secretary.

The meeting will undoubtedly call out a large attendance and several of the best known political speakers in the country will be present and deliver addresses.

HOME WITH A BRIDE.

Mr. T. L. Nichols Married at Clayton Yesterday.

Mr. T. Lee Nichols, foreman of the Sedalia Steam laundry, who departed Wednesday night for St. Louis, returned this morning with a bride.

At the M. E. parsonage in Clayton, St. Louis county, at 11 o'clock yesterday forenoon, Mr. Nichols was married to Miss Pearl Minor, the accomplished daughter of Mrs. Minor, a widow, of Booneville, the ceremony being performed by Rev. Robinson.

Immediately afterwards, Mr. and Mrs. Nichols left for St. Louis, where they spent the remainder of the day, taking the night train for Sedalia and reaching here at 3:15 o'clock this morning.

The happy young couple will go to housekeeping at an early date, but for the present they are at home to their friends at No. 320 East Second street. The congratulations of the DEMOCRAT are extended.

Two Horses Won.

In the second race at Grand Rapids, Mich., Wednesday, three-year-old trotters, 2:40 class, for a purse of \$500, Janie Shelton took second money and Jim Ramey third. Both horses are owned by John R. Gentry, and this was the Shelton filly's maiden race. She's a fast 'un, and time will prove it.

Baptist Preacher Dead.

John Collins, aged 70 years, formerly a Baptist preacher in Illinois, died at 1 o'clock this morning, of general debility, at the home of his son-in-law, Henry Ford, 638 East Third street. Mr. Collins came from Illinois about two months ago with his wife and three small children. He has three grown children

by a former wife, Mrs. Ford being one of them. His health has been bad for several years, and he came to Sedalia in the hope of finding relief in change of climate and surroundings. The body will be buried from the house at 4 o'clock this afternoon.

A TRAGEDY RECALLED.

Hunting for His Wife After Sixteen Years' Separation.

Special to the DEMOCRAT.

PERRY, Ok., July 5.—Oscar B. Fowler, a major in the confederate army, arrived here yesterday, looking for a wife and daughter whom he has not seen in sixteen years.

During the session of the Missouri legislature in 1879, at Jefferson City, Fowler shot, and, as he supposed, killed a member of the legislature during a game of poker.

He fled, going to Oregon, thence around Cape Horn and to Liverpool, and subsequently to London, where he worked for the London Times until a month ago.

Fowler was a resident of Clinton, Mo., when the shooting occurred. Mrs. Fowler is living west of here. Fowler's victim is dead.

FATALLY SCALDED.

The Little Son of Lester Scott, Living Near Hughesville.

From Mr. Van Gorrell the DEMOCRAT learns of a sad accident that happened to Orvil Scott, the bright little son of Mr. Lester Scott, who lives six miles east of Hughesville, yesterday.

The little boy was playing around his mother, who was engaged in washing, when he fell into a tub of boiling water, and last night it was thought there was no hope of recovery.

Denies the Charge.

W. H. McMichael, the Missouri Pacific brakeman who is charged with having brutally mistreated a boy tramp on train No. 8 a couple of nights ago, denies the charge most emphatically. He had some trouble with two negro tramps on the night in question, but no white boy, he says, and slapped one of them, but he did nothing more than was required in the performance of his duty. The tramp was defended by a couple of mail clerks, but no revolver was drawn, and the "fuss" was very tame throughout.

Real Estate Sales.

Mary E. Hoover and husband to Charles E. and Frank F. Easley, the southwest quarter of the southeast quarter of section 11, township 43, range 22, \$1,200.

Jefferson Rawlings and wife to William C. Rawlings, the northeast quarter of the northwest quarter and the northwest quarter of the northeast quarter of section 29, township 45, range 23, \$1,600.

Licenses Granted.

At the forenoon session of the county court today, dramshop licenses were granted to Houghton & Worthington, Graham & Finn, J. W. Murphy and Ben Johnson. All license petitions in which there promised to be a contest went over until Monday, by agreement between the parties.

Will Hold the Fireworks.

The fireworks that were to have been used at Association park last night will be held, it is said, until the Second regiment encampment in August, and will be utilized at that time.

Hurt With a Firecracker.

Ex-Mayor Ed. Stevens had a slight wound inflicted in the corner of the left eye last night by the explosion of a firecracker. The wound bled freely, but little damage was done.

J. M. Pilkington Dying.

Word was received this afternoon that the death of J. M. Pilkington might be looked for at any moment. It is not thought he can live through the night.

Negro to Be Arrested.

A warrant was issued late this afternoon for the arrest of Thomas Evans, of Hughesville, for failure to support his family.

Board of Trade Meeting.

The board of directors of the board of trade have been called to meet at 4:30 this afternoon for business of importance.

A DEAD MAN FOUND.

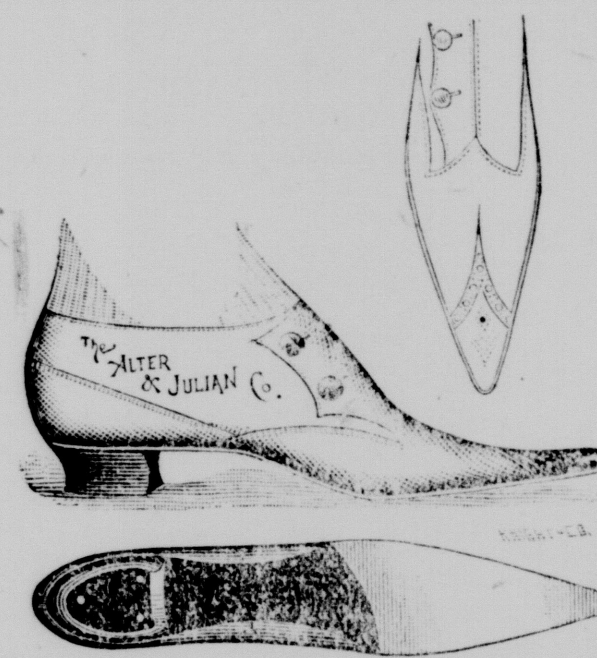

He Was on Top of a Car on M. K. & T. Train No. 3.

On the arrival of M. K. & T. passenger train No. 3 at Pilot Grove this morning, Conductor Hungerford was informed by telegram from Booneville that there was a man on top of one of the cars, apparently dead.

On investigation it was found true and the remains were taken down and laid on the depot platform.

He was evidently a tramp, badly dressed, about 20 to 22 years of age, would weigh about 125 pounds, cleanly shaven, hair recently cut, but with nothing about his person showing his name.

He had in his pockets a bottle of alcohol, a blacking brush, cake of

soap, matches, a railroad time table and 60 cents in silver.

It is supposed he got on the train last night beyond Paris, and that in passing some bridge he was struck and killed, although there were no marks on the body. The coroner was notified.

An Alleged Vagrant.

Lee Pierman, one of Sedalia's most worthless negroes, who made an assault on Constable Gossage a few weeks ago, while he was taking a quartette of prisoners to jail, was arrested last night, charged with vagrancy. In Justice Fisher's court, this morning, the prisoner was released on bond for his appearance next Monday.

"Bad Nigger"

John Jones, a b-a-d nigger from Hughesville, was fined \$50 in Justice Burr's court this morning, for carrying concealed weapons, and the fine was commuted to twenty days in jail. Jones had a well-made slungshot and a smooth, round stone in his pocket, and was drunk enough to make things lively, when Billy Drake gathered him in.

Waite, a clairvoyant who, until Wednesday, had an office at No. 913 Oak street, was arrested in St. Louis yesterday on a telegram sent from this city by Inspector of Detectives Cornelius Murphy. The specific charge leading to Waite's arrest was the swindling of an aged widow, Mrs. Barbara J.

Vochatzer, of No. 516 East Twenty-fifth street, out of \$333. He came to this city about six months ago and secured a license authorizing him to give "sittings and readings" to patrons.

For a few months, it is said, he only sought to obtain from his visitors his regular fees. He made money rapidly. In a few weeks he was amply able to furnish his rooms in a lavish manner. He secured such a number of patrons that he hired Joseph Bailey as a clerk. A short time afterward he engaged a young lady stenographer to assist him.

Waite was rather clerical in appearance and looked young in years. He dressed in black garments. All who visited him gave him credit for being a clairvoyant of superior attainments.

Among his followers was Mrs. Barbara Vochatzer, who implicitly believed every sentence that dropped from his lips. Waite was not content with the success with which money was coming into his pockets and longed for a more rapid process of acquiring wealth. At last he hit upon a plan. Sending his clerk to Mrs. Vochatzer with a message for her to come to his office, he made ready to receive her. When she arrived she found Waite in a seemingly unconscious condition. He was lying on the floor and foaming at the mouth. It almost drove her into hysterics. In a brief time he arose to his feet and struck a tragic attitude.

"Mrs. Vochatzer," he said, "I have been in a trance. I saw money. Lots of it. I looked into the future and read a road to wealth for both of us. I know the winning number of a ticket in the Louisiana State lottery. The ticket will draw \$50,000 and it will only cost you and I \$500 apiece to capture the prize."

She never doubted for an instant, but that amount of money was impossible for her to raise, and through her desire to secure a portion

of the prize and her inability to raise the requisite amount, she nearly went insane. Time and again she went to the clairvoyant and pleaded with him to allow her to invest a smaller amount in the ticket. He was inexorable at first, but finally consented to permit her to put in \$333, all she had, and he agreed to furnish the balance. He pretended to purchase a ticket in the lottery.

Time passed and the day for the drawing arrived. That evening he informed her that a mistake had been made. The ticket purchased had drawn nothing. All at once her eyes were opened and she saw that she had been swindled. She visited Chief of Police Irwin, who sent her to Inspector of Detectives Murphy. A warrant was issued for the smooth swindler. Before the officers arrived he had in some manner received warning and left his quarters. Telegrams were sent to the surrounding cities and he was arrested yesterday forenoon in St. Louis. Since he left the city numerous other victims have gone to the chief of police.

A servant girl in the employ of Mayor Davis was fleeced out of her savings.

Detective Baldwin left last night over the Missouri Pacific railway to bring Waite back to this city to answer for his alleged misdeeds. When arrested Waite had a ticket for Boston in his possession.

THE DEMOCRAT, SEDALIA, MO.

OFFICE, 307 Ohio Street. Telephone 222.

THERE are newspapers today which are foolish enough to pursue the course which has rendered the pharisee of nineteen hundred years ago an object of aversion still.

THE corn crop in Central Missouri promises to be phenomenal, even for Missouri, this year, and the people who come here hunting farm lands will certainly be favorably impressed.

NO CITY in the state supports its schools and its churches more liberally than Sedalia, nor is there a city of the same size anywhere in the country where life and property are safer.

THE masses of the republican party in Missouri are overwhelmingly in favor of bimetalism, but in all probability their leaders will succeed in repressing any direct authoritative statement of the fact.

EIGHTY-SIX counties out of 114 have sent, through Dr. A. W. McAlister of Boone, and Mr. E. R. Britt of St. Charles, requests to the democratic state committee to call a state convention.

THE rapidity with which the court house bonds are being paid off is eloquent testimony as to the increase in wealth in Pettis county. Good roads would add more bonds, but they would soon be paid without being at all burdensome.

THE Gazette is a whole team at denouncing the errors of those whom it does not like, but it can be dumb as an oyster and even "plead for peace" when its friends and associate reformers are accused. Such "reform" is disgusting. Such "piety" is rank hypocrisy.

EVERY increase of wages makes it more certain that the tariff will not be the principal issue in the next campaign, and the political party that desires to receive consideration at the hands of intelligent voters must get ready to face the pressing question which is in everybody's mind—the financial issue.

NOT only will home hunters find Missouri soil fertile and Missouri climate genial, but they will also find that the state is one of the best managed and most wisely governed in the country, and that, while our schools and our public institutions are handsomely supported, taxes are lower than in any neighboring state.

THE DEMOCRAT most emphatically denies that there is any considerable element in Sedalia that favors lawlessness of any kind. The court house meeting, one that is memorable by reason of the character as well as the size of the audience, emphatically put the seal of condemnation upon any statement to the effect that Sedalia is a lawless city.

CHAIRMAN MAFFITT, of the democratic state committee, has stated that he does not propose to call the committee together before the 10th inst., but it is likely that shortly after that date the committee will meet and issue the call for the convention. If Sedalia desires the convention held in this city, work in that direction cannot be begun too soon.

THE Gazette this morning undertakes to read the DEMOCRAT a lecture for having published the charges made in a contemporary against Col. Van B. Wisker. The Gazette, for purposes best known to itself, ignores the fact that Col. Wisker had published a denial and requested "other papers" to copy. The publication of a "denial" without the publication of the charges that are denied, would leave the

readers of the paper largely in doubt as to the real controversy and present the appearance of endeavoring to deceive the public. The Gazette, which professes to be a great reformer, ought to be swift to "uncover rottenness" and not seek to shield those who are accused of moral iniquity. The truth of the matter is that it makes all the difference in the world whose ox is gored. If the "charges" had been made against Mayor Hastain the Gazette would have filled its first page with them, but when made against its twin reformer, that paper even criticizes another newspaper for giving both sides fairly and without comment. Oh, consistency, thou art a jewel! Oh, virtue, how often art thou used to hide the basest of purposes! Oh, piety, how often art thou used as a cloak for the most detestable of motives!

BEAR it in mind that today, as in the days when Christ was upon earth, it is not those who pray loudest upon the street corners, and most vehemently call upon the public to see how good they are, who are really the purest of heart! The pharisee still lives and in some instances he seems to thrive for a season. But, in the last great day, hatred can no longer pose as piety, and no one can hide his own sins by calling attention to the errors of others.

ADMITTED PROSPERITY. The republican organs of calamity which last year filled their columns with dismal predictions of the ruin of "American industries" that would be wrought by the new tariff law, are having hard work explaining a great many facts that are constantly coming to the surface.

The Chicago Chronicle takes delight in calling the attention of the editorial end of the Inter-Ocean to the admissions made in its news columns, and says:

"The Inter-Ocean, that with veiled lids has been seeking McKinley in the dust, mourning as one that could not be consoled, the fearful calamities which it said must fall upon this nation as a result of the reduction of taxation at the custom house, not only lifts its eyes to see prosperity upon every hand under democratic tariff, but lifts also its voice to exclaim in joyful note:

ALL SAY IT'S A BOOM.

MERCHANTS CLAIM AN ERA OF PROSPERITY HAS BEGUN.

DRY GOODS MEN SPEAK OF A VAST IMPROVEMENT IN TRADE.

Clothing and Boot and Shoe Manufacturers All Tell of Increasing Orders.

"Do we sleep? Do we dream? Is civilization a failure? Is the Caucasian played out? Here is a journal that has never failed to assert that if democrats, voted into legislative and executive authority by the people of the United States, should make the slightest reduction of taxation from the schedules set up by republicans, should make a single step in the direction of free trade, the land would be prostrate under a blow delivered by the land itself! If, was the dire prediction of the Inter Ocean and all its class, the democratic party should reduce taxation at the custom houses an average of 50 per cent the prosperity of the country would disappear, its industries would be delivered into the hands of the Philistines, its working men would be reduced to a condition of paupers and peace and prosperity would forever fly therefrom.

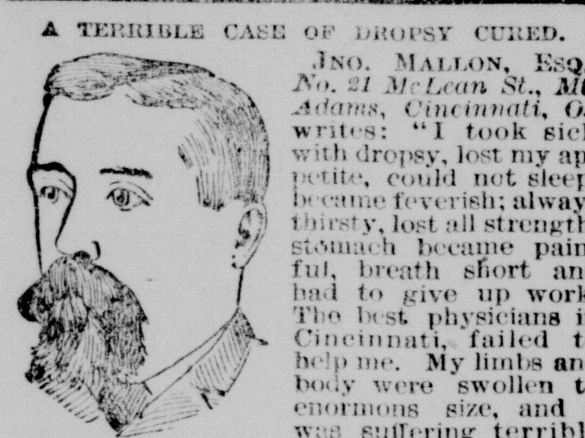

"We have not yet had a year of the Wilson law. The result shows all over the United States. Out of the clutches of McKinleyism the country begins to resume that prosperity that McKinley and Sherman between them had nearly destroyed. The Wilson bill, lacking all that it ought to be, yet furnishing on the average some 50 per cent. reduction of taxation, assists the United States to regain their feet far more rapidly after the panic of 1893, than after the panic of 1873, when Grant was president and the republican party was in full control of every branch of the government."

The best physicians in Cincinnati failed to help me. My limbs and body were swollen to enormous size, and I was suffering terrible agony. The doctors all said I could not get well again, that I was liable to drop dead at any moment. My wife sent for the priest, to prepare me for death. While waiting for death, I remembered reading of your 'Golden Medical Discovery,' and thought I would try it as a last hope. When I had taken three bottles, I was almost well. The swelling entirely disappeared and I was soon able to resume work. My health is better now than it has been in twenty-five years."

CALLED DOWN.

The Windsor Review After the Jefferson City Tribune.

The resolution will never be submitted to a vote, and it never should be. When the honest people of the state instruct their senators and representatives to vote for a capital removal resolution, then it will be in order to submit such a proposition.—Jefferson City Tribune.

Such stuff makes all sensible people tired, and we recommend for the Tribune a dose of soothing syrup, answers the Windsor Review. One would judge that Jefferson City and the Tribune not only owned the state capital, but each and every legislator who comes there and the supreme court thrown in. The representatives in both house and senate have had their say, and the voters will have their say in 1896. Thousands of reasons, good and sound, have been given why the capital should be removed to Sedalia. In fact the Review knows not one reason why it should not be removed. The vote! Why, St. Joseph, Kansas City, St. Louis, Springfield, and, in fact, the entire state, with the possible exception of a few interior localities, wants Sedalia as the future capital.

The Tribune sees the hand writing on the wall, hence its repeated appeals.

SHOOTING FOR MEDALS.

W. N. Kerr Captured the Gold One and Al Sturges the Silver.

The Capital City Gun club shoot yesterday afternoon was participated in by twenty-two contestants. The gold medal was won by W. N. The new store is not ready—the benefits are yours. Until such time as our removal can be made, the sale will continue

Much has been said—for the reason there was much to say, about our Removal Sale and quantity and quality of the bargains offered.

Some time or other you will look back with regret and wish for one of those Pattern Dresses worth \$9.00 and \$10.00 that are now selling for \$5.00. Too late may be—more than half sold now.

All over the store the price tickets announcing the different bargains shine out like Pop-pies in a cornfield—The Linen stock is half sold, but enough remains for you, and you, and you. The prices—the \$1.00 Watertwist Damask 75c. The \$1.25 for 82c. The \$1.50 for \$1.10 and the cheaper grades at similar reductions. Napkins for \$1.00 worth \$1.50.

For \$2, worth \$2.75. For \$2.75 that were \$3.75, and so on.

Towel bargains without limit. About 500 for this week's sale—will you be here?

Dress Goods.

There are times when exceptional lots of desirable stuffs seek us, at prices accidentally made low, on account of the disturbed conditions of trade. We never lose an opportunity to buy when the question of benefiting you or the store is up.

5 pieces 54-in navy blue Serge worth 75c—a fortunate purchase made them possible this week for 48c.

46-in Black German Serges this week for 48c.

3 pieces Black German Serges—the dollar quality of last week now 75c.

5 pieces Fancy Blacks reduced from 75c to 50c.

3 pieces dollar fancies to 75c. The dress goods stock is bristling with many other bar-

gains for the week. The few lots told of here stand for dozens more.

Muslin Underwear.

Such an event in the history of Muslin Underwear retailing is worthy to rank with the most notable offerings of the kind we have ever made.

Best Muslin Skirts, 8-in. flounce of embroidery, with cluster of eight tucks, \$1.39; worth \$1.75.

Best Muslin Skirts, with wide flounce of embroidery, cluster tucks and inserting of embroidery, \$1.39; worth \$1.75.

Ladies' Night Dresses with tucked round yoke, embroidered collar and sleeves, with cascade front of embroidery, \$1.25.

Night Dress, with square yoke, wide full collar of embroidery, cascade of embroidery on front, wide ruffle embroidery on sleeves, \$1.48; worth \$2.00.

Drawers—Cambric Drawers with Ruffle trimmed of fine Torchon, two clusters of tucks, worth \$1.25; price 98c.

Best Muslin Drawers with wide ruffle of fine embroidery with ten tucks, price 89c; would be cheap at \$1.25.

And others by the Dozens equally cheap.

Wash Goods.

More and better bargains for this week's Sale—as one line sells out others are added to take the place.

Satin Stripe Welts from 15c to 11½c.

Stripe Ducks from 12½ to 9c.

Imported Dresden Plisse from 33c to 21c.

Zephyr Gingham from 12½c to 9c.

Sateens from 15c to 9c.

5 pieces imported Lappet cloth from 39c to 29c.

Numbers of other bargains scattered throughout the store that cannot be mentioned here—Not everything goes at a loss now—but many things do.

The alertness of the workmen at the new store will determine when this sale will close—this may be the last week—The store we now occupy is rented, and we are under contract to vacate as soon as possible.

Something New For Sedalia.

Why do you buy the old hard tough meat and send it home for your wife to cook and then complain with her because she has not made it tender, when you can buy meat that is already tender, made so by the cold storage process? We hold all our meat in cold storage until they become tender and juicy before we send it out. There is no use of any one in Sedalia having any difficulty with tough meat, for we can furnish you with something you will appreciate and you will have a meal you will enjoy. All we ask of you is to give us a trial, and you will fall right in line with the balance and buy your meat where you can get something fit to eat. We make a specialty of prime roast beef, and we guarantee every one of our roasts to be tender and juicy.

The reason our meats are so much better than you get elsewhere is because we have the largest cold storage, by half, than any two other markets in the city, and we can hold our meats long enough so they become tender. Any one who knows anything about meats knows what cold storage will do for it. It takes all the old hard tough substance from it and gives it a nice tender and juicy flavor. The old fogy way of butchering a beef to-night and selling it out tomorrow, like it is being done by others, is why your meat is tough.

Leave word at our market and we will call at your house daily and get your orders, or telephone 120. NEWTON MEAT CO.

Strong for Sedalia.

Mayor J. W. Smith, of Paris, Mo., spent the 4th with the family of his brother-in-law, W. D. Wallace, returning home this morning. He says the sentiment of Monroe county is strong for Sedalia for the capital, and a large vote will be cast in our favor.

Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best."

REWARD WITHDRAWN.

The Stillwell Murder Case Is to Come Up Again.

The fact that R. H. Stillwell, of Hannibal, has announced that he has withdrawn the reward of \$10,000 offered by him for the apprehension and conviction of the murderer or murderers of his father, Amos J. Stillwell, has created a sensation throughout that town and revived the story of the horrible tragedy that was enacted on the night of December 31, 1888, when the wealthy pork packer was killed in his own house.

The motive that prompted Mr. Stillwell to withdraw the reward just at this stage is known only to himself. It is said that Mr. Stillwell has experienced a change of mind; that he no longer believes in the robber theory, and that he will now follow up a more plausible clew and will be rewarded for his trouble. In an interview yesterday he said:

"I will do anything in my power to bring the guilty to justice, no matter what it may be. Some day the people will know what my reasons are, and they will see that I am right, but I cannot make them public at present. I believe we will live long enough to see the murderer of my father punished."

Mr. Stillwell has been accredited with placing obstacles in the way of the detectives and others in ferretting out the guilty party, and the above is his response to the question why he had done so. The grand jury will reconvene in Hannibal next Monday, and it is understood that they will make a thorough investigation. The murderer of Amos J. Stillwell is nearer to the gallows now than ever before, if rumors are based on facts, and the public need not be surprised at unexpected developments at any time.

It will be remembered that shortly after the murder of Stillwell his widow married Dr. Hearne, of Hannibal. Dr. Hearne and his wife now live in San Diego, Cal. Since their residence there they were divorced and remarried. When these events took place the San Francisco Chronicle printed the story of the Stillwell murder, and made statements which caused Dr. Hearne to enter suit for libel against the paper. For the past few months the paper has had agents in Hannibal collecting facts to assist it in defending that suit. It is surmised that the developments in this phase of the case have something to do with R. H. Stillwell's action noted above.

FOURTH AT THE "PEN."

Missouri's 2,211 Convicts Had an Outing for a Day.

Col. James L. Pace, warden of the Missouri State penitentiary, had no doubt the largest celebration on his hands of any one man in Missouri on the 4th.

There were in the prison at roll-call 2,211 convicts, 2,154 males and 57 females. The men were given the liberty of the yard from 8 a. m. until 2 p. m., while the women were given the liberty of their department and a string band, enabling them to indulge in a big dance, which they did with great energy and apparent enjoyment. Out in the yard the men enjoyed themselves by indulging in all sorts of athletic sports, boxing being the favorite, and there were some rattling and interesting bouts, some of the men from the shady districts of St. Louis and Kansas City being exceedingly clever with the gloves.

The chief event of the day, however, was the breakfast and dinner, both a little out of the ordinary. The menu for breakfast was as follows: Beef hash, made of beef and potatoes; coffee, with sugar; flour bread, with butter. The hash required 600 pounds of beef and 25 bushels of potatoes, while other material for the breakfast were 50 pounds of coffee, 120 pounds of sugar, 225 pounds of butter and three barrels of flour. The breakfast cost the state the sum of \$97.20.

The dinner consisted of ham, potatoes, flour bread, cabbage, onions, slaw, cake and lemonade, which required material in the following quantities: Ham, 2,900 pounds; flour 3 1/2 barrels; potatoes, 30 bushels; cabbage, 700 pounds; onions, 8 bushels; mustard, 6 pounds; beets, 15 bushels; vinegar, 40 gallons; flour for cake, 3 1/2 barrels; sugar, 300 pounds; lard, 95 pounds; butter 75 pounds; eggs for cake, 70 dozen; baking powder, 38 pounds; extract of lemon, 3/8 of a gallon; lemons, 8 boxes; white sugar, 525 pounds; pepper, 10 pounds; salt 1/2 barrel; pepper sauce, two dozen bottles; vinegar, 10 gallons. The dinner cost the state about \$455.46. The cost per capita for the two

meals is about 25c, the aggregate for the two meals being \$552.66. The cost per capita for feeding convicts is about 8c.

A SEDALIA HYPNOTIST.

Further Experiments by Prof. Ramsdell. This Time at Tipton.

During Prof. Ramsdell's stay in this city, a couple of weeks ago, he hypnotized several of our boys, says the Tipton Times. Irving Hirst, son of T. M. Hirst, was hypnotized, and, when asked his name, he was unable to tell it. He was made to fall down, and finally was put to sleep and placed on two chairs and several of the witnesses sat on him. He was told to pick flowers, and the professor then told him that the flowers were rats, and Irving dropped them as though they were the genuine, ferocious little animals. A piece of cake was then given him, and, while eating it, the professor told him it contained poison, and he immediately spit it out. Several other very interesting exhibitions were given.

Windsor Will Assist.

Mr. W. M. Godwin, of Clinton, was in the city Monday evening and Tuesday morning and talked "Missouri on Wheels" to our citizens, says the Clinton Republican. A promise was given that \$100 would be raised, which is all that is required of Windsor in money, but an exhibit of some kind must be sent in, either in coal or agricultural products, or both. The exhibit will be handled free of cost to the people, and we trust a handsome showing will be made by Windsor, as this is the Eden of Central Missouri.

Reader, did you ever take SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES"? Everybody needs take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons' Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons' Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. H. Zelin & Co., Philadelphia.

NARCOTI CURE

CURES THE TOBACCO HABIT IN 4 TO 10 DAYS OR MONEY REFUNDED.

USE ALL THE TOBACCO YOU WANT TILL YOUR "CRAVING" IS GONE.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

PROF. W. N. WAITE, Of Amherst, Mass., Chewed Tobacco for 46 Years and Was Cured by Narcoti-Cure.

AMHERST, MASS., February 8, 1895. THE NARCOTI-CHEMICAL CO., Springfield, Mass.

GENTLEMEN: Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed and experienced no bad effects whatever. I am gaining in flesh and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use Narcoti-Cure. Yours truly, W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for book of particulars free, or send \$5.00 for a bottle by mail.

FROM THE CLOUDS.

An Aeronaut's Feat at Association Park Yesterday Afternoon.

There was a veritable "leap from the clouds" at Association park yesterday afternoon, in the presence of two or three hundred spectators. Not that the balloon went so high, but that the clouds hung low, and the man whose parachute sailed so gracefully down did not go much above 1000 feet high.

As a morning paper has it, the "lady" who made the ascension wore a very grimy pair of pants, a very sooty face, and he was pigeon-toed, but "she" made the descent safely in a field about a mile north of the starting point, without accident to the man, the monster air ship or the graceful parachute.

At the park there was a game of base ball between a nine from the Future Capitals and a pickup nine, which resulted in a victory for the former by a score of 12 to 4. The umpire, "Dutch Henry," was very one-sided at times, but not always on the same side, and nobody kicked. Dick Johnson pitched for the Future Capitals, and furnished a whole programme of amusement between pitches. The game was not a fine exhibition of the popular sport, but it was amusing and entertaining, and fulfilled its mission.

Rain at frequent intervals during the day prevented any of the races billed for the afternoon and the fireworks display at night. The Sedalia Military band was present at the afternoon sports, enlivening the drooping spirits of the onlookers with some charming strains of music.

There was a fairly well attended dance at Forest park in the evening, and a good many small lots of fireworks were exploded at the homes of the citizens, but too much rain fell to make much of the day in the way of a Fourth of July celebration.

TROTTERS AND PACERS.

State Association Ready to Receive Entries for the Springfield Meet.

The Missouri Trotting and Pacing Horse Breeders' association is now ready to receive entries to the events of the association to be trotted and paced at Springfield, Mo., August 5 to 17. The following letter is from Secretary J. A. White, of the Greene County Breeders' association, on whose track the contests will take place:

Dear Sir: Replying to your favor of the 17th, we are now in position to say the money offered your association will be forthcoming. Our organization is completed. In it we have some of the best men in the city, men who never make a failure of any enterprise. The money is not all in the bank, but we hope to have it soon. Yours, very truly,

J. A. WHITE.

President Colman of the association says: "I hope the public will remember that these purses are open only to the members of the association. Any citizen of the state or any one who owns horses kept and controlled in this state interested in the development of the Missouri light harness horse may become a member by paying to the secretary \$2. Old members may renew their membership by paying \$2 as dues for 1895. Entry blanks may be had upon application to the secretary. All breeders are urged to unite with us in making this the grandest and most successful meeting ever held in the state. Entries close July 27."

Sedalia's Liberal Part.

a great advertisement for Missouri, the grandest state of the union, says the Tipton Times. Sedalia has done a liberal part in contributing \$1,000 of the \$15,000 needed to put "Missouri on Wheels," but she cannot carry the entire burden. Other sections of the state must do their part.

Not Frank Hoffman.

The Education of Plants.

More than a hundred years ago a Jesuit missionary found a certain bark (now called calisaya or cinchona) in use among the tribes of Peru as a cure for fever. This led to the discovery of quinine, its alkaloid and active principle. Originally containing but a very small percentage of the active principle, the bark of this tree, under careful cultivation, now yields several times the amount.

By the same method the Shakers of Mt. Lebanon (N. Y.) have developed, both as to quantity and quality, the medicinal principles of the herbs from which the Shaker Digestive Cordial, their well known remedy for indigestion and dyspepsia, is now made. They have persuaded nature to do for suffering humanity vastly more than she at first intended. As quinine is without a rival in its own field, so this preparation of the Shakers is destined to become, for all the ailments of the digestive tract—now grouped under the general head of dyspepsia.

Some of the symptoms calling for its use are as follows: Distress after eating; sickness and nausea; pains in the head, chest, sides and back; foul taste in the mouth and the rising of an offensive gas from the stomach; costiveness and irregular action of the bowels; variable appetite; sick headache; ringing in the ears; palpitation and heartburn; loss of sleep; the "hiccups;" a tired and weary feeling; sore muscles; mental depression, etc.

To relieve and cure this universal disease (the source of most others) the Shaker Digestive Cordial is expressly adapted. Like quinine it is a specialty, a specific. Its good effects are felt at once. Unlike quinine it is pleasant to the palate, always effective, never harmful. For this the Shakers pledge their reputation as herbalists. And its success thus far bears them out.
